Contents of Volume 28

Number 1, January 1989

Officer, C. B. and Lynch, D. R., Bioturbation, sedimentation and sediment-water exchanges 1

Cutter, G. A., The estuarine behaviour of selenium in San Francisco Bay . . . 13

Marasović, I., Encystment and excystment of *Gonyaulax polyedra* during a red tide 35

Morton, R. M., Hydrology and fish fauna of canal developments in an intensively modified Australian estuary 43

Aure, J. and Stigebrandt, A., On the influence of topographic factors upon the oxygen consumption rate in sill basins of fjords 59

Castel, J., Labourg, P.-J., Escaravage, V., Auby, I. and Garcia, M. E., Influence of seagrass beds and oyster parks on the abundance and biomass patterns of meio- and macrobenthos in tidal flats 71

Kjerfve, B. and Medeiros, C., Current vanes for measuring tidal currents in estuaries 87

Fenton, G. E. and Ritz, D. A., Spatial variability of ^{13}C:^{12}C and D:H *Ecklonia radiata* (C.Ag.)J.Agardh (Laminariales) 95

Cole, B. E., Temporal and spatial patterns of phytoplankton production in Tomales Bay, California, U.S.A. 103

Number 2, February 1989

Knickmeyer, R. and Steinhart, H., Cyclic organochlorines in plankton from the North Sea in spring. 117

de Silva Samarasinghe, J. R., Transient salt-wedges in a tidal gulf: A criterion for their formation 129

Raffaelli, D., Conacher, A., McLachlan, H. and Emes, C., The role of epibenthic crustacean predators in an estuarine food web 149

Gravina, M. F., Ardizzone, G. D. and Belluscio, A., Polychaetes of an artificial reef in the central Mediterranean Sea 161

Plante, R., Alcolado, P. M., Martinez-Iglesias, J. C. and Ibarzabal, D., Redox potential in water and sediments of the Gulf of Batabanó, Cuba 173

Wright, J. M., Detached chlorophytes as nursery areas for fish in Sulaibikhat Bay, Kuwait. 185

OUGH, K. and BAYLY, I. A. E., Salinity tolerance, development rates and predation capabilities of *Sulcanus conflictus* Nicholls (Copepoda: Calanoida) 195

FOGEL, M. L., SPRAGUE, E. K., GIZE, A. P. and FREY, R. W., Diagenesis of organic matter in Georgia salt marshes 211

NUMBER 3, MARCH 1989

PAULSON, A. J., FEELY, R. A., CURL, JR., H. C. and TENNANT, D. A., Estuarine transport of trace metals in a buoyant riverine plume 231

BRYDSTEN, L. and JANSSON, M., Studies of estuarine sediment dynamics using ^{137}Cs from the Tjernobyl accident as a tracer 249

LEBLANC, C. G., BOURBONNIERE, R. A., SCHWARCZ, H. P. and RISK, M. J., Carbon isotopes and fatty acids analysis of the sediments of Negro Harbour, Nova Scotia, Canada 261

SEYMOUR, R. J., TEGNER, M. J., DAYTON, P. K. and PARNELL, P. E., Storm wave induced mortality of giant kelp, *Macrocystis pyrifera*, in Southern California . . 277

BENNETT, B. A., The fish community of a moderately exposed beach on the south-western Cape coast of South Africa and an assessment of this habitat as a nursery for juvenile fish 293

KUWABARA, J. S., CHANG, C. C. Y., CLOERN, J. E., FRIES, T. L., DAVIS, J. A. and LUOMA, S. N., Trace metal associations in the water column of south San Francisco Bay, California 307

WINDOM, H. L. and GROSS, T. F., Flux of particulate aluminium across the south-eastern U.S. continental shelf 327

NOTES AND DISCUSSIONS

CORREDOR, J. E. and MORELL, J. M., Assessment of inorganic nitrogen fluxes across the sediment-water interface in a tropical lagoon 339

NUMBER 4, APRIL 1989

LAPOINTE, B. E. and O'CONNELL, J., Nutrient-enhanced growth of *Cladophora prolifera* in Harrington Sound, Bermuda: Eutrophication of a confined, phosphorus-limited marine ecosystem 347

NUNES VAZ, R. A., LENNON, G. W. and DE SILVA SAMARASINGHE, R., The negative role of turbulence in estuarine mass transport 361

DIBB, J. E. and RICE, D. L., The geochemistry of beryllium-7 in Chesapeake Bay . 379

DIBB, J. E. and RICE, D. L., Temporal and spatial distribution of beryllium-7 in the sediment of Chesapeake Bay 395

OWENS, N. J. P. and LAW, C. S., Natural variations in ^{15}N content of riverine and estuarine sediments 407

WHITING, G. J. and CHILDERS, D. L., Subtidal advective water flux as a potentially important nutrient input to southeastern U.S.A. saltmarsh estuaries 417

COUCH, C. A., Carbon and nitrogen stable isotopes of meiobenthos and their food resources 433

KELLEMS, B. L. and LION, L. W., Effect of bacterial exopolymer on lead (II) adsorption by γAl_2O_3 in seawater 443

NUMBER 5, MAY 1989

JOHNSON, D. R. and HESTER, B. S., Larval transport and its association with recruitment of blue crabs to Chesapeake Bay. 459

TILLER, K. G., MERRY, R. H., ZARCINAS, B. A. and WARD, T. J., Regional geochemistry of metal-contaminated surficial sediments and seagrasses in upper Spencer Gulf, South Australia 473

HILL, A. E. and SIMPSON, J. H., On the interaction of thermal and haline fronts: the Islay front revisited. 495

NEDWELL, D. B., Benthic microbial activity in an Antarctic coastal sediment at Signy Island, South Orkney Islands 507

FLEISCHAK, P. C. and DE FREITAS, A. J., Physical parameters influencing the zonation of surf zone benthos 517

SIMON, N. S., Nitrogen cycling between sediment and the shallow-water column in the transition zone of the Potomac River and Estuary. II. The role of wind-driven resuspension and adsorbed ammonium 531

NUMBER 6, JUNE 1989

HEATH, M., LEAVER, M., MATTHEWS, A. and NICOLL, N., Dispersion and feeding of larval herring (*Clupea harengus* L.) in the Moray Firth during September 1985 . 549

RAINBOW, P. S., MOORE, P. G. and WATSON, D., Talitrid amphipods (Crustacea) as biomonitors for copper and zinc 567

POWELL, T. M., CLOERN, J. E. and HUZZEY, L. M., Spatial and temporal variability in South San Francisco Bay (U.S.A.). I. Horizontal distributions of salinity, suspended sediments, and phytoplankton biomass and productivity. 583

CLOERN, J. E., POWELL, T. M. and HUZZEY, L. M., Spatial and temporal variability in South San Francisco Bay (U.S.A.). II. Temporal changes in salinity, suspended sediments, and phytoplankton biomass and productivity over tidal time scales 599

SCHRÖDER, M. and SIEDLER, G., Turbulent momentum and salt transport in the mixing zone of the Elbe estuary 615

CONDE, J. E. and DÍAZ, H., The mangrove tree crab *Aratus pisonii* in a tropical estuarine coastal lagoon 639

WASMUND, N., Micro-autoradiographic determination of the viability of algae inhabiting deep sediment layers. 651

Acoustic turbulence meters; tidal flow; mixing zone; Elbe estuary; turbulence spectra; eddy viscosity; eddy diffusivity, 615
Adriatic Sea; Mediterranean Sea; red tide; dinoflagellates; cyst; anoxia, 35
Adsorption; biofouling; cells; lead; polymers, 443
Adsorption; desorption; sediment; nitrogen; wind-generated waves; shallow-waters; estuaries; ammonium ions, 531
Advection; nutrients; estuaries; salt marshes; hydrology; sediment parameters; interstitial water; South Carolina coast, 417
Advection; San Francisco Bay; salinity; phytoplankton; suspended sediments; primary productivity; tides; estuaries, 599
Alkaline phosphatase; eutrophication; nitrogen; phosphorus; productivity; *Cladophora*, 347
Aluminium, particulate; shelf; U.S., southeastern; flux, 327
Ammonium ions; adsorption; desorption; sediment; nitrogen; wind-generated waves; shallow-waters; estuaries, 531
Amphipoda; Talitridae; copper; cadmium; zinc; biomonitoring; Britain; *Orchestia*; *Talitrus*; *Talorchestia*, 567
Antarctic; marine sediments; microbial activity; sulphate reduction; pyrite, 507
Arabian Gulf; nursery grounds; chlorophyta; intertidal environment; Mugilidae; diet; seining; trawling, 185
Arcachon Bay; meiobenthos; macrobenthos; biomass; *Zostera* beds; oyster parks; tidal flats, 71
ARCOLADO, P. M., *see* PLANTE, R., 173
ARDIZZONE, G. D., *see* GRAVINA, M. F., 161
Assimilation; carbon; nitrogen; detritus; *Spartina*; micro-algae; meiobenthos; isotope ratios, 433
AUBY, I., *see* CASTEL, J., 71
AURE, J. and STIGEBRANDT, A., On the influence of topographic factors upon the oxygen consumption rate in sill basins of fjords, 59
Australia; predation; development rates; salinity tolerance; *Sulcanus*; Copepoda; estuaries, 195
Australia coast; evaporation; hypersalinity; salt-wedge; potential energy, 129
Australia, East Coast; canals; fish; hydrology; oxygen content; estuarine fisheries, 43
Autoradiography; sediment cores; benthic micro-algae; depth profiles; primary production; chlorophyll, 651
BAYLY, I. A. E., *see* OUGH, K., 195
Beaches; gradients; surf zone; macrobenthos; turbulence; zonation; sediment, 517
Bellingham Bay; sediment-water interface; exchange coefficients; diffusion-advection models; bioturbation; pollutant dispersal, 1
BELLUSCIO, A., *see* GRAVINA, M. F., 161
BENNETT, B. A., The fish community of a moderately exposed beach on the southwestern Cape coast of South Africa and an assessment of this habitat as a nursery for juvenile fish, 293
Benthic micro-algae; depth profiles; primary production; chlorophyll; autoradiography; sediment cores, 651
Beryllium; radionuclides; sedimentation; Chesapeake Bay, 395
Beryllium; radionuclides; water column; mass balance; residence time; Chesapeake Bay, 379
Biofouling; cells; lead; polymers; adsorption, 443
Bioindicators; organic matter; peat; estuarine sedimentation; Nova Scotia coast; isotope ratios; fatty acids; sediment sources, 261
Biomass; chlorophyll; light; estuaries; Tomales Bay; primary productivity; phytoplankton, 103
Biomass; *Zostera* beds; oyster parks; tidal flats; Arcachon Bay; meiobenthos; macrobenthos, 71
Biomonitoring; Britain; *Orchestia*; *Talitrus*; *Talorchestia*; Amphipoda; Talitridae; copper; cadmium; zinc, 567
Bioturbation; pollutant dispersal; Bellingham Bay; sediment-water interface; exchange coefficients; diffusion-advection models, 1
Blue crab; harvest prediction; vector correlation; wind stress; coastal transport; Chesapeake Bay, 459
BOURBONNIERE, R. A., *see* LEBLANC, C. G., 261
Britain; *Orchestia*; *Talitrus*; *Talorchestia*; Amphipoda; Talitridae; copper; cadmium; zinc; biomonitoring, 567

Brydsten, L. and Jansson, M., Studies of estuarine sediment dynamics using ^{137}Cs from the Tjernobyl accident as a tracer, 249
Cadmium; zinc; biomonitoring; Britain; *Orchestia*; *Talitrus*; *Talorchestia*; Amphipoda; Talitridae; copper, 567
137-Cs; tracer; sediment dynamics; estuaries, 249
Cage experiments; crabs; shrimps; density effects, 149
Calanus finmarchicus; *Temora longicornis*; *Phaeocystis globosa*; North Sea; PCB; HCH; HCB; p, p′-DDE, 117
California coast; kelp; mortality; wind waves; wave forces; macrophytic algae; storm damages, 277
Canals; fish; hydrology; oxygen content; estuarine fisheries; Australia, East Coast, 43
Carbon; nitrogen; detritus; *Spartina*; micro-algae; meiobenthos; isotope ratios; assimilation, 433
Carbon isotopes; nitrogen isotopes; *Spartina*; detritus; seston; sediments; salt marshes, 211
Castel, J., Labourg, P.-J., Escaravage, V., Auby, I. and Garcia, M. E., Influence of seagrass beds and oyster parks on the abundance and biomass patterns of meio- and macrobenthos in tidal flats, 71
Cells; lead; polymers; adsorption; biofouling, 443
Chang, C. C. Y., *see* Kuwabara, J. S. 307
Chesapeake Bay; beryllium; radionuclides; sedimentation, 395
Chesapeake Bay; beryllium; radionuclides; water column; mass balance; residence time, 379
Chesapeake Bay; blue crab; harvest prediction; vector correlation; wind stress; coastal transport, 459
Childers, D. L., *see* Whiting, G. J., 417
Chlorophyll; autoradiography; sediment cores; benthic micro-algae; depth profiles; primary production, 651
Chlorophyll; light; estuaries; Tomales Bay; primary productivity; phytoplankton; biomass, 103
Chlorophyta; intertidal environment; Mugilidae; diet; seining; trawling; Arabian Gulf; nursery grounds, 185
Cladophora; alkaline phosphatase; eutrophication; nitrogen; phosphorus; productivity, 347
